Membership Advantages

YOUR MEMBERSHIP

With effect from 1st January of your first Use Year and for the duration of your membership thereafter, you will receive your annual allotment of points.

Once allocated you may choose to:

- **BOOK** a vacation at the resorts in this booklet
- **SAVE** your points for use during the following year

HOW TO MAKE A RESERVATION

How to determine how many points are required

The points values for all of the resorts are listed within this booklet. To establish how many points are required, take the following steps:

1. **DETERMINE** your preferred dates of travel.
2. **CHECK** the proposed travel dates against the Weeks Calendar for the year of travel to determine the week number.
3. **SELECT** the preferred resort and use the grid to select the accommodation type and corresponding week number. This booklet will indicate the number of points required for a week's stay when checking in on a standard check-in day. Specific check-in days are indicated below each resort listed in this booklet.

SHORT STAY POINTS VALUES

Reservations with a duration of less than seven nights are available at certain resorts. This also applies to additional nights booked following a standard weekly reservation (e.g., for a 10-night reservation, three additional nights will be charged as per this policy). The points calculation for a stay of less than seven nights is as follows:

- **SUNDAY to THURSDAY** inclusive; each night is **10%** of the weekly points value
- **FRIDAY and SATURDAY** nights; each night is **30%** of the weekly points value
- Points values for **SHORT STAY** bookings made within 30 days of arrival are discounted by **50%**

Reservations made for arrival on a non-standard check-in day are calculated at short stay points values as noted above.

SEARCHING FOR AVAILABILITY AND BOOKING

Members can search for availability and book online at DiamondResorts.com.

EXCEPTIONAL VALUE ON RESERVATIONS LESS THAN 59 DAYS FROM ARRIVAL

For some resorts, if there is availability 59 days or less prior to arrival, then the standard check-in day weekly points values are discounted by 50%. For short stay points values a 50% discount will apply to all reservations made within 30 days of arrival.

These reservations offer exceptional value for those with flexible travel plans and are offered on a first-come, first-served basis.

MANAGING YOUR POINTS

If you would like to take a special trip and need more than your yearly allotment of points, our flexible points based system offers you the opportunity to save/borrow points from your current/following year's allocation.

SAVING POINTS

If you do not intend to use all or part of your current year's allocated points within the current year, then there is an option to save points into the following year's allocation. There are deadlines by which points must be saved each year, otherwise they expire at the end of the year in which they were allocated. The deadlines are:

- **SAVE** up to **100%** of the annual allocation of points by **JUNE 30**
- **SAVE** up to **50%** of annual allocation of points (if 50% has not already been saved) between **JULY 1** and **AUGUST 31**
- **SAVE** up to **25%** of the annual allocation of points (if 25% of the allocation has not already been saved) between **SEPTEMBER 1** and **OCTOBER 31**

Please go to DiamondResorts.com and log in to your member account or call 00 30 22410 49910 to save points. Once points have been saved they may still be accessed during the current year.

You may borrow points at any time during the year. Points will be credited to your current year's account, and your account for next year will be reduced by the points you borrowed. Contact the **RHODES RESERVATION DEPARTMENT** to find out how you can borrow points from your next year's allocation. DEFINITIONS

1.1 Defined words and terms used herein shall have the meaning as defined below.

ACCOMMODATION UNIT means a unit of accommodation to which a Use Period relates.

CONNECTION MEMBER means a member of the Diamond Mediterranean Club Connection Programme.

CONNECTION POINTS means the number of annual holiday points allocated to a Connection Member for use by them each Use Year, which points may then be used by the said member by way of currency to redeem for occupancy rights in Accommodation Units at resort locations, all in accordance with these Club Regulations.

POINTS GRADING means the grading of Accommodation Units by means of Connection Points and which determine the distribution of the total number of annual Connection Points relative to each Accommodation Unit as between Use Periods in that Accommodation Unit and as shown in the Points Tables.

POINTS SYSTEM means the system of allocation of Connection Points and their exchange for Occupancy Rights in the Accommodation Assets.

POINTS TABLES means the tables which contain the Points Grading and duration of each Use Period in each Accommodation Unit.

USE PERIOD means a period of consecutive days shown as such on the Points Tables during which the Occupancy Rights of Connection Members shall be exercisable together with all rights and obligations relating thereto.

USE YEAR means a calendar year from 1 January to 31 December (inclusive).

GENERAL

2.1 These Regulations are intended to govern the redemption by Connection Members of Connection Points in exchange for Use Periods in Accommodation Units.

2.2 The Diamond Mediterranean Club Connection Exchange Programme ("**the Programme**") is managed by Diamond Resorts (Europe) Limited ("**Club Operating Company**"). Club Operating Company, or its legally appointed agent, is expressly authorised to take such action as it deems necessary and appropriate to operate the Programme, including, but not limited to, the implementation of all reservation system management duties.

2.3 Connection Members are entitled to redeem their Connection Points in exchange for the right to occupy and use Accommodation Units at resorts participating in Programme (as featured in the current Diamond Mediterranean Club Connection Booklet ("**the Booklet**") These rights are called "**Occupancy Rights**". These Regulations govern the usage of Connection Points, and Connection Members shall be bound by the terms of these Regulations. Connection Members shall be expected to notify the Club Operating Company promptly of any change in their permanent address.

2.4 These Regulations contain detailed information regarding the operation of the Points System, including, but not limited to, the following:

2.4.1 The procedures by which a reservation must be made and confirmed.

2.4.2 Procedures for and limitations upon cancelling confirmed reservations.

2.4.3 The Connection Points values allocated to each type of accommodation during the seasonal band in each of the Accommodation Units.

2.5 The Regulations may be altered by the Club Operating Company from time to time and at its sole discretion, if it deems such alteration(s) to be for the principal purposes of improving upon the quality and operation of the Points System and furthering the collective enjoyment of the use of the Accommodation Units by the present and future Connection Members. All such alterations shall be binding

on all Connection Members upon receipt of notice of any changes which shall be distributed to each Connection Member at their last known postal or email address prior to the effective date of any alteration.

2.6 The Occupancy Rights available to Connection Members shall be calculated by reference to the number of annual Connection Points to which a Connection Member is entitled from time to time, and the Club Operating Company shall issue a Points Table for each forthcoming year.

2.7

2.7.1 The Points Table may be varied by the Club Operating Company from time to time for the benefit of the Connection Members if the variation is deemed to be necessary in order to improve the quality and operation of the Points System.

2.7.2 The Club Operating Company may revalue the Connection Points attributed to Accommodation Units at resorts within seasons of the year up to a cumulative total of plus or minus 20% of the seasonal Connection Points value.

2.7.3 The Club Operating Company may at any time alter the Points Grading of any particular Use Period in an Accommodation Unit provided always in such case that it makes a proportional increase or decrease in the Points Grading of other Use Periods so that their overall entitlement to Occupancy Rights shall not be affected.

RESERVATIONS, PROCEDURES AND PRIORITIES

3.1 Reservation requests for a Use Period in an Accommodation Unit will be taken on a first-come, first-served basis. The Club Operating Company's ability to confirm a reservation is dependent upon the availability of the desired Use Periods and Accommodation Units. There is no guarantee that any particular Connection Member's reservation request can be fulfilled. All reservation requests are subject to the exchange reservation request timelines and other procedures outlined within these Regulations and any applicable priority periods (as detailed in Regulations 3.5 and 3.6).

3.2 Except as these Regulations may otherwise specifically provide, the use and occupancy of Accommodation Units that a Connection Member reserves with his or her periodic allocation of Connection Points must occur during the same Use Year as the Use Year for which those Connection Points were allocated.

3.3 All inquiries or requests for reservations must be made to the Rhodes Reservation Department ("**Club Reservations**"). Addresses, telephone numbers and other access information for Club Reservations are detailed in the Membership Advantages section of this booklet. To increase the likelihood of success in making a reservation, Connection Members should, wherever possible, request

a reservation as far in advance as possible and specify multiple desired locations and Use Periods.

3.4 Club Reservations shall have complete discretion to refuse to confirm any specific reservation request if it is believed that such reservation may be in contravention of these Regulations, or contrary to the best interests of the Connection Members.

3.5 As a Connection Member, you will have **Home Resort Advantage**. This means that from the date of activation of your Club Connection Membership, you will have a 13 month priority booking window into the Accommodation Unit at the resort where you hold the Enrolled Week/s. This resort is known as your Home Resort and the priority period is known as your "**Home Resort Advantage Priority Period**". Other participants in this Programme similarly have a 13 month priority booking window into their home resorts.

3.6 If a Connection Member fails to contact Club Reservations within the Home Resort Advantage Priority Period, they will lose the right to make a priority reservation. Such Connection Member may, of course, still request the desired Use Period in an Accommodation Unit in the Programme, but such a request will be on a non-preference basis, competing with other participants in the Programme on a first-come, first-served basis.

3.7 With the exception of bookings into their Home Resort, no reservation request for a Use Period at a resort may be made by a Connection Member earlier than ten months in advance of the first day of the desired Use Period (or should the Club Operating Company so determine in its sole discretion, the last day of the desired Use Period).

3.8 Use Periods of durations less than 7 days ("**Short Stay Bookings**") at certain resorts may be made available to Connection Members to the extent that such action is consistent with the efficient management of the inventory and in accordance with the rules of the individual resorts. Points values for Short Stay Bookings made within 30 days of the arrival date are discounted by 50%.

3.9 A Connection Member may make as many reservations as necessary to utilize all of the Connection Points available to them in the respective Use Year. With the exception of Guest Certificates as detailed in Regulation 6.4. Connection Members will not have to pay reservation transaction fees for reservations made into Accommodation Units in the Programme that are made in any Use Year.

3.10 Although a reservation may be requested during the time periods detailed in these Regulations, such reservation will be confirmed only if the requesting Connection Member has sufficient Connection Points available for use in the Use Year in which the use and occupancy of an Accommodation Unit so requested is to occur. If the reservation request pertains to use and occupancy of an Accommodation Unit during a Use Year other than the current Use Year, or if the Connection Member has insufficient Connection Points to make the reservation in the current Use Year, then

the Connection Member must make Connection Points available for use in the desired Use Year by undertaking either a saving or borrowing transaction pursuant to these Regulations.

3.11 Connection Points are always allocated for a specific Use Year and unused Connection Points will expire at the end of the applicable Use Year. Subject to Regulation 3.14, by means of saving and borrowing transactions, a Connection Member may change the Use Year within which certain Connection Points are associated for reservation purposes.

3.12 A Connection Member may borrow some or all of their future allocation of Connection Points from the Use Year immediately following the Use Year for which the Connection Member desires to use such borrowed Connection Points. The Connection Points then available to the Connection Member for reservation purposes in the desired Use Year will be increased by the number of Connection Points so borrowed. After the borrowing transaction has been effected, the number of Connection Points available to the Connection Member in the immediately following Use Year will be reduced by the number of Connection Points so borrowed. Once a Connection Member has notified the Club Operating Company of an intention to borrow Connection Points, the instruction may not be cancelled. Borrowed Connection Points will expire if not utilized to make a reservation in the Use Year for which the borrowing transaction occurred. Borrowed Connection Points must be used in the year borrowed and may not be carried forward.

3.13 The Club Operating Company may, in its sole discretion, publish or post on its website the current procedures to save Connection Points, together with a series of deadlines for the saving of Connection Points and the percentage of Connection Points which may be saved up to each deadline. The current deadlines are detailed in this booklet. Connection Members may also obtain this information by telephoning an automated voice messaging service. The Connection Points available to a Connection Member for reservation purposes in the immediately following Use Year will be increased by the number of Connection Points which have been carried forward by savings under this Regulation. Connection Points which have been carried forward for use in the immediately following Use Year must be used in that Use Year and may not be carried forward to subsequent Use Years. Once Connection Points have been saved, they may still be accessed during the current year.

3.14 The Club Operating Company may effect a temporary suspension of either saving or borrowing or both if it considers such action to be necessary to preserve the general integrity of the Points System. The Club Operating Company shall reintroduce the suspended facility as and when, in its sole discretion, it deems appropriate to do so. Furthermore, a Connection Member's ability to borrow Connection Points will end on 31 December of the Use Year immediately preceding their final Use Year. Similarly, a Connection Member's ability to save Connection Points will

end on 31 October of the Use Year immediately preceding their final Use Year.

3.15 If Club Reservations have not received a reservation request for a particular Use Period less than 59 days prior to its commencement, such Use Period may be deemed to be **"Late Availability Space"** and may be offered to Connection Members at 50% of the original designated Connection Points value for that Use Period subject to availability.

SPLIT WEEK RESERVATIONS

4.1 Split week reservations are available in certain types of Accommodation Units in resorts participating in the Programme at the Club Operating Company's discretion. The Club Operating Company reserves the right to make available other categories of Accommodation Units for split week reservation purposes at its sole discretion.

4.2 Split week reservations may be made for a minimum of two nights or otherwise at the Club Operating Company's discretion. Subject to review from time to time at the Club Operating Company's discretion, split week reservations may be linked to seven day reservations.

4.3 Where split week reservations are available, details of the split week, check-in days, and the number of Connection Points required to make a split week reservation, which is calculated as a percentage of the total number of Connection Points required for a seven day reservation, is described in the Booklet.

CANCELLATIONS, ALTERATIONS AND NO-SHOWS

5.1 Unless covered by a reservation protection plan purchased by the Connection Member, cancellation of a confirmed reservation will result in the percentage loss of the Connection Points used to make such reservations as follows:

NOTIFICATION OF CANCELLATION	POINT VALUE CREDITED TO YOUR ACCOUNT
91-365 DAYS prior to the commencement of the Use Period.	100%
61-90 DAYS prior to the commencement of the Use Period.	75%
14- 60 DAYS prior to the commencement of the Use Period.	50%
0-13 DAYS prior to the commencement of the Use Period.	NONE

The foregoing notwithstanding, Club Operating Company may revise this Regulation 5.1 to add or delete additional cancellation deadlines with a more or less graduated percentage scale.

5.2 If a Connection Member cancels a confirmed reservation, a similar reservation may not be subsequently re-booked as a Late Availability Space reservation at the applicable discount off the normal Club Connection Point value for that Use Period in such Accommodation Unit. For this

purpose, a similar reservation for an Accommodation Unit will be a reservation which is in the same geographical region as that cancelled by the Connection Member and for which the Use Period reserved commences within 14 days of the commencement of the cancelled Use Period. If a Connection Member is identified at any time as having broken this rule, an adjustment may be made retrospectively by the Club Operating Company to the Connection Member's Connection Points account (either in the same Use Year or in a subsequent Use Year) so that the Connection Member is charged the full Connection Point cost of the reservation.

- 5.3** Subject always to Regulation 5.2, a Connection Member may submit a subsequent reservation request after having cancelled a confirmed reservation, but there can be no guarantee that the alternative reservation requested will be available to them.
- 5.4** A Connection Member who intends to check-in at a resort after the arrival day designated on the confirmed reservation must contact the check-in desk at the resort prior to the commencement of that Use Period to state that they will be arriving subsequent to such designated arrival day or risk forfeiting the reservation.
- 5.5** A Connection Member who fails to check in during the Use Period for which they have been issued a confirmed reservation (or who arrives late and does not comply with Regulation 5.4) will forfeit 100% of the Connection Points used to make the reservation for that Use Period.
- 5.6**
 - 5.6.1** The Club Operating Company shall be entitled to cancel reservations in respect of any resort which shall cease to participate in the Programme. In such an event, the Club Operating Company will give as much prior notice as possible to any Connection Members affected and will use its reasonable best endeavours to offer suitable alternative reservations.
 - 5.6.2** If any such cancellation shall be made during the same Use Year as the confirmed Use Period affected, the Connection Member may carry forward their full allocation of Connection Points for that Use Year to the following Use Year irrespective of the time of year in which the Connection Points are carried forward without any prior approval by the Club Operating Company.
 - 5.6.3** If the Club Operating Company has confirmed a reservation to a Connection Member and owing to any disaster or act of God or other reason beyond the Club Operating Company's control, the relevant accommodation cannot be used or occupied, that Connection Member waives any and all claims against the Club Operating Company and the Management Company and neither party shall have

any obligation to provide that Connection Member with an alternative reservation for that Use Year.

GUEST CERTIFICATES

- 6.1** Reservation confirmations may be used only by the Connection Member who receives the confirmation or their immediate family unless the use of the confirmation is given to another person, through the issue of a Guest Certificate, who shall be deemed to be the licensee of the Connection Member and for whose acts and omissions the Connection Member shall continue to be responsible.
- 6.2** A Guest Certificate may be requested only by a Connection Member who either has received a confirmation or is requesting a reservation. The Club Operating Company reserves the right to limit the number of Guest Certificates issued per Connection Member per Use Year.
- 6.3** Individuals, other than family members, under the age of eighteen (18) are not eligible to use a Guest Certificate.
- 6.4** A fee for each Guest Certificate is chargeable in accordance with the fee levels established by the Club Operating Company from time to time. The first Guest Certificate in any Use Year will be issued free of charge.
- 6.5** The Connection Member requesting a Guest Certificate is responsible for payment of any expenses incurred as well as any damages caused by the guest(s) staying in the Accommodation Unit, and for the replacement of any items missing from such Accommodation Unit.
- 6.6** Additional persons may accompany the Guest Certificate recipient provided that the number of persons does not exceed the maximum occupancy limit for the confirmed accommodation type designated on the reservation confirmation.
- 6.7** The use of a Guest Certificate is subject to any additional conditions or limitations that may be imposed thereon by the Club Operating Company from time to time.
- 6.8** The Management Company reserves the right to terminate the membership of any Connection Member and to revoke any issued Guest Certificate(s), in the event that any of the above conditions are breached.

RENTALS

- 7.1** A Connection Member is permitted to rent out the Accommodation Units reserved for the Use Period subject always to strict compliance with these Regulations. In particular, the use of Connection Points to reserve Accommodation Units for commercial purposes or for any other purpose other than the personal use of the Connection Member, their immediate family, pursuant to a bone fide Guest Certificate or pursuant to the Club Operating Company's internal rental programme is prohibited. Use by a Connection Member of public advertising or an online website to seek rental opportunities shall be deemed a prohibited commercial use. Companies within the Diamond Resorts International® group of

companies are specifically exempted from this restriction, and are entitled to use their reserved Accommodation Units for promotional, rental, or other commercial purposes.

- 7.2** Subject to the restrictions in Regulation 7.1 and Regulation 6.1 to 6.8 inclusive, no prior approval is required from the Club Operating Company for the Connection Member to rent or allow another party to use an Accommodation Unit after the Connection Member has obtained a confirmed reservation. However, such Connection Member is obligated to inform Club Reservations or the resort front desk as the case may be, of the names of such guests, family members, or renters prior to the day of check-in and the Connection Member will be responsible for the acts or omissions of such parties, including the failure to pay charges incurred at the resort.

OCCUPATION OF ACCOMMODATION ASSETS

- 8.1** Each occupant of an Accommodation Unit shall comply at all times with the provisions of all internal rules and local regulations of the resort, and all laws, statutes and regulations of the local, municipal, county, state and national jurisdictions in which the Accommodation Unit is located.
- 8.2** Use and occupancy of each Accommodation Unit shall be strictly in accordance with the provisions of these Regulations.
- 8.3** Each Accommodation Unit shall be vacated by the occupants at the expiration of the relevant Use Period and all personal property belonging to the occupants shall be removed. Accommodation Units shall be left in a good, clean and sanitary condition.
- 8.4** Each occupant shall comply with such procedures for reporting such occupant's departure from any Accommodation Unit and for discharging any bills that may have been incurred during the occupancy.
- 8.5** Each occupant shall place all rubbish and refuse either in the refuse area allocated from time to time by the resort manager, or shall place such rubbish and refuse in the space designated from time to time by the resort manager for that purpose.
- 8.6** Each occupant shall observe and comply with any regulations or signs installed by the resort manager in relation to the parking, control of and limitation of vehicular, motorcycle and bicycle traffic within the resort.
- 8.7** No occupant shall damage, interfere with or do anything likely to lower the value or attractiveness or appearance of any Accommodation Unit, of any of the common areas or of any furnishings, fixtures or fittings therein. Any damage will be billed to the Connection Member at the end of their stay.
- 8.8** No Accommodation Unit or the common areas or the fixtures, fittings, furnishings or other equipment of any Accommodation Unit or any other common areas shall be altered or damaged. Any damage will be billed to the Connection Member at the end of their stay.
- 8.9** No occupant shall do or permit to be done anything in an Accommodation Unit which shall be or tend to be a nuisance or annoyance to any other person lawfully entitled to enjoy the applicable resort at any time or engage in conduct determined by the Club Operating Company to be unbecoming of a Connection Member, or commit waste or do any act or introduce any substance or thing which might violate any policy of insurance or require an increased premium to be paid for the same and the occupant shall fully indemnify the Club Operating Company in respect of any increased or additional premium or against any loss suffered by reason of such act or default.
- 8.10** No occupant/user shall keep any animal, bird, fish or other livestock in or upon any Accommodation Unit except such animals that assist persons with disabilities, e.g., seeing eye dogs or where explicitly permitted by the rules and regulations of the individual resorts.
- 8.11** No occupant shall use any Accommodation Unit or permit the same to be used for any purpose whatsoever other than as a temporary private vacation home occupied by no more than the published maximum number of persons. The occupants of Accommodation Units shall not make use thereof for any purpose from which a nuisance can arise to other occupiers/users of adjoining space or for any illegal or immoral purpose whatsoever or for the purpose of any trade, business, profession or manufacture, including commercial rentals. Nor shall any Connection Member own or control a website with content pertaining to the Programme, the resorts, the Club Operating Company or any company within the Diamond Resorts International® group of companies without the express permission of Club Operating Company.
- 8.12** Each occupant shall allow access on reasonable notice (except in the case of emergency) to the Manager, its workmen and others to enable repair or maintenance work to be carried out PROVIDED that any such work will be carried out with all due diligence and speed and will not, insofar as is reasonably avoidable, interfere with the enjoyment of the Accommodation.
- 8.13** As to Accommodation Units the following additional rules shall apply:
- (A)** The windows of any Accommodation Unit shall not be darkened or obstructed other than by the use of the curtain material or internal blinds provided.
 - (B)** Except for Accommodation Units where expressly permitted, clothes or other articles shall not be hung or exposed anywhere outside any Accommodation Unit or in any position visible from outside the building in which the Accommodation Unit is located.
 - (C)** No occupant shall throw dirt, garbage, rags or any other deleterious material from the windows or balconies of any Accommodation Unit or deposit

such items into sinks, bathtubs, toilets and other pipes or conduits of any Accommodation Unit.

- (D)** No occupant shall allow any music or singing whether by instrument or voices, radio, television or other means in any Accommodation Unit so as to cause nuisance or annoyance to any other occupier of adjoining space and in particular so as not to be audible outside the Accommodation Unit between 11:00 p.m. and 9:00 a.m. or during other times that may be designated by the resort or the Club Operating Company.
- (E)** No occupant shall obstruct the private roadway, passageways or pedestrian walkways or disabled access points serving the Accommodation Unit nor use them for any other purpose than for access to or egress from the Accommodation Unit which the occupant is entitled to use.
- (F)** No occupant shall store in any Accommodation Unit or near thereto any inflammable or explosive material.
- (G)** No occupant shall display any signs, advertising, banners, flags or the like.
