# YOU CAN SEARCH FOR AVAILABILITY

Once logged in, you will be taken to the Member Area home page, with a Dashboard showing your account details. Review any **What's New** articles.

In the left navigation under My Reservations, you can book a vacation using Book with Simple Search, Book with Flexible Search, Book with Point Saver and Find a Vacation.

Let's use **Book with Simple Search** which allows you to search availability using resort points. All availability offered is in real time.

# LET'S BEGIN USING SIMPLE SEARCH

**Simple Search** gives you a number of options for your next vacation.

You can choose to search by Destination or by Experience.

You can also enter specific or flexible arrival dates to search for the maximum available choices, for the number of nights you would like to stay.

The screenshot shows a user dashboard with a blue header and a white main content area. The dashboard is divided into four columns: Account Summary, Reservation, Financial Summary, and Snapshot. Below the dashboard is a navigation bar with 'Member Area' and 'Online Reservations' tabs, and a 'Contact Us' button. The main content area features a 'SIMPLE SEARCH' section with a help icon and a search form. The search form includes fields for Destination, Experience, Arrival Date, and Nights, and a 'SEARCH' button. A blue arrow points from a help icon in the search form to a text box.

# YOU CAN SEARCH FOR A DESTINATION

**Select by Location** offers ways to see availability by destination. You can choose:

- **SPECIFIC LOCATION:** If you want to view availability for a specific location, select the name of the resort you want to visit.

or

- **FAVORITES AND WISHLIST:** If you have identified resorts for your Favorites or WishList, you can search availability for those resorts.

or

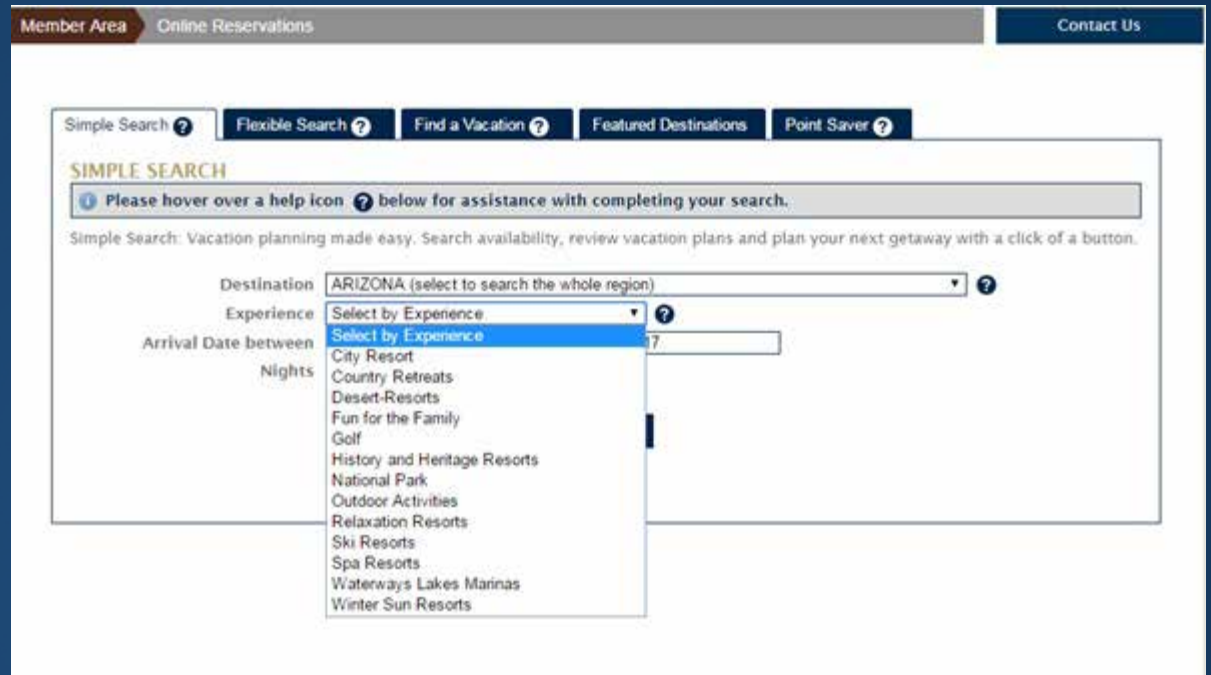

- **REGION:** If you are interested in visiting a particular area, choose the Country then State or Province to view availability for all properties located in that region.

The screenshot displays the 'Dashboard' for a user's account. It is divided into four main sections: Account Summary, Reservation, Financial Summary, and Snapshot. Below these are navigation buttons for ACCOUNT INFORMATION, CREATE RESERVATION, and MAKE PAYMENT. The main content area is titled 'Member Area' and 'Online Reservations'. It features a search bar with options for 'Simple Search', 'Flexible Search', 'Find a Vacation', 'Featured Destinations', and 'Point Server'. A 'SIMPLE SEARCH' section is highlighted, showing a dropdown menu for 'Destination' with the 'Select by Location' option selected. The dropdown lists various resorts under categories like 'FAVORITES', 'WISHLIST', and 'UNITED STATES'. The 'UNITED STATES' section lists resorts in Alabama and Arizona. At the bottom, there are links for 'Member Forum' and 'Contact Us'.

# YOU CAN SEARCH BY EXPERIENCE

**Select by Experience** allows you to find the type of vacation you would like such as Golf, Ski Resorts or Relaxation Resorts and view availability of resorts that offer these experiences on-site or nearby. You may find a destination that offers your experience in a location you had not considered.

Cruises are a popular way to vacation. To search for a cruise, click on Destination, scroll down to the bottom of the list and select Cruises. Enter the arrival dates and nights you would like to travel.

# ARRIVAL DATES AND NUMBER OF NIGHTS

Enter your Arrival Date range in this section. If you want to travel on a specific date, enter the date in both boxes. If your time is flexible, you can enter the date range within which you would be agreeable to arrive to offer more availability.

If you are searching for a vacation with a 5- or 6-night stay, enter the number of nights. When searching for a cruise, make sure to enter the number of nights of the cruise so that the search availability matches the cruise you are looking for.

If you do not enter the number of nights, it will default to 7 nights.

After indicating the number of nights you wish to stay, click **SEARCH**.

The screenshot shows the 'Simple Search' form on the Diamond Resorts International website. The form is titled 'SIMPLE SEARCH' and includes a help icon and a message: 'Please hover over a help icon below for assistance with completing your search.' Below this, there is a sub-header: 'Simple Search: Vacation planning made easy. Search availability, review vacation plans and plan your next getaway with a click of a button.' The form contains the following fields:

- Destination: Select by Location (dropdown menu)
- Experience: Select by Experience (dropdown menu)
- Arrival Date between: 01-Sep-2017 and 08-Sep-2017
- Nights: 7

A blue oval highlights the Destination and Experience dropdown menus. A 'SEARCH' button is located below the form.

# YOU CAN VIEW THE SEARCH RESULTS

The results of your search will display below your defined search details.

If you would like more information on the resort or cruise, you can click on the name for a more detailed description. Another tab will open on your browser with detailed information, so your original search results are still viewable.

You can click on any of the column titles (Location, Resort, etc.) to sort the results by that information. For example, clicking on Check-in will show you the availability in order of arrival date. If you click on Points, you can see availability starting with the best value (least amount of points).

The bottom icons indicate if the resort is a Club Affiliate, a Diamond Resorts Managed property, a Hotel Affiliate or a Cruise.

Click here to learn more about the resort or cruise.

Click here to see more information on the room type
