

DialCare is your telemedicine solution.

DialCare is a new, simple way to access around-the-clock care from a national network of state-licensed, fully credentialed physicians. With DialCare, guests will have direct access to phone and video consultations with licensed physicians for treatment and advice for common ailments 24 hours a day, 7 days a week. When medically appropriate, a DialCare physician may prescribe a short term, non-DEA controlled medication for the guest to pick up at the pharmacy of their choice.

Using DialCare is easy!

Register Account
On the day of check in, or after, guests can call **(833) 795-7786** toll-free to register with a trained DialCare representative or register online.

1

2

Request Consult
A guest can request a video consult either online, over the phone at **(833) 795-7786** or through the mobile app. Telephonic consults must be requested over the phone.

Medical History and Symptoms
The guest will fill out their medical history and description of symptoms; we'll confirm before each additional consult.

3

4

Have Consultation
The doctor will accept and perform the consult via phone or video chat.

Start Feeling Better!
DialCare access includes all guests included in the reservation, so everyone can feel their best while on vacation!

5

Guests can use DialCare:

- For non-emergency medical issues, questions and concerns
- During or after normal business hours, nights, weekends and holidays
- When a primary care physician is not available
- When traveling and in need of medical care or guidance
